- The beauty of the area between the mountains of Pieniny and Tatra Mountains, castles in Niedzica and Czorsztyn, have caused development of tourism.
- Here has been created a rich tourist base, accomodation and gastronomic base (catering).

## Traditional cuisine

- Traditional cuisine in Spisz means simplicity and originality
- Many traditional recipes are still used by housewives (dziadki, gałuski, tworożniki, kapuśniak, rogi, kołacz, derklicki ;)

# Our school – a window to the world

- Our school offers students the opportunity to learn in many professions and preparation for the job market.
- In addition to theoretical lessons a lot of attention is paid to practical preparation.
- Through to cooperation with institutions and participation in many competitions, professional trips, students develop a range of professional skills and meet potential employers.

## **Vocational training at our school**

- Professional training at school and workplaces.
- Theoretical preparation at school and on vocational courses.
- Mock exams at school and examination centers.
- Professional trips, for example to gastronomic fairs, agropromotion.
- Workshops in a bakery.

## **Career counseling**

- As a result of changes in educational system, there are additional lessons – Career counseling - from class 7 in primary school.
- During the lessons students confirm their professional predispositions and receive help in the subject of future professional work.

## **Cooperation with institutions**

- Community Łapsze Niżne
