The 4th Erasmus+ Meeting of the project *Education@Economy@Hand in Hand* has been held in Nocera Umbra from **14th to 19th October 2018**. During the week, the teachers held several workshops in which they shared experiences about:

Teachers also discussed ways of innovating teaching methodology at school, which constitutes one of the goals of the Project.

There have been visits to Nocera Museum and Torre civica (called *il Campanaccio*) as long as cultural visits to Foligno, Gubbio, Assisi and Perugia. In this last town a special guided tour has been organised at the *Università per Stranieri di Perugia* to show how foreign students can study or work at the University.

All students were involved in circle time activities with a selfpresentation
They also held workshops on the topic of the project *Hand in Hand*.

The Meeting has constituted a significant step towards the implementation of the aims of the project. In the next meeting to be held in Oradea, Romania, the participating schools will prepare:
